

Folk Fiddle lessons / Group Sight reading / Violins / Violas / Cellos /

These are videos for the The Trumpet Hornpipe. They have been done karaoke style so that they can be followed or played along to in the initial stages. I am experimenting with two new pieces of software.

Key: A Major.

Time signature: 4/4

Rhythms: This tune contains the following elements:

Total: 17 videos

Software requirements: QuickTime 7 or later versions

Other equipment that would be useful: headphones

Level of ability: There are three parts:

i) The tunes chosen require a good working knowledge of the keys with any finger pattern 1_23 or 12_3 or 1_2_3 involved. Videos for this part are available in both Treble and Alto (usually an 8ve lower) clefs.

ii) 2nd Violin/Viola part (Treble clef) uses basic rhythms in the 1_23 pattern. This version can also be used to encourage more advanced violists to sight read in the Treble clef. (Alto clef sheet music is available for beginner violists).

iii) 3rd Violin/Viola part (Treble clef) consists of open strings and 1st fingers and has been designed to be suitable for pupils who have just completed a year of Wider Opportunities or are sight-reading in an orchestra for the first time. The Treble clef part can be used to encourage more advanced violists to sight-read in both clefs. (Alto clef sheet music is available for beginner violists).

There are three different speeds of teaching material available and a range of straightforward rhythms have been used to encourage the reading of whole bars at a time in advance.

To access: Only my pupils can access this course.

[Violin / Sight reading / Fiddle / Sight reading / Viola / Sight reading / Cello / Sight reading / Fiddle Orchestra / Sight reading /](#)
